Full Stack Developer with 17 years' experience in the healthcare industry. Proven ability to tackle any challenges to meet and achieve the best possible outcome. Proficient in variety of coding languages like HTML, CSS, and more. Looking to apply my knowledge of web development in a like-minded environment with a dynamic team to ensure technical feasibility while maximizing users experience.

Technical Skills

jQuery, Node.js, MySQL, SharePoint, HTML, CSS, Bootstrap, JavaScript, Firebase, Express and http servers

Education

- UC Berkeley Extension
- Coding Program Certificate, April 2018

Relevant Experience

2017 - Current

Full Stack Developer | Full Stack Web Development Program | Berkeley, CA

- Date Night App: First completed group project. Worked on conceptual design and functionality. Tech specs: Yelp API, Firebase, HTML, CSS, Bootstrap
- Liri app that uses API's for pulling movie, twitter, and song data. Integrated with node.js
- Mock Amazon shopping database using node.js and MySQL

Experience

2001 - current

Department Secretary | Kaiser Permanente | Vallejo, CA

- Co-work with PACS administrator on security and front-end SharePoint website for Napa-Solano service area Radiology department.
- Work closely with IT & PACS for logistical moves, and IT related issues. Main liaison between Radiology staff and IT.
- Maintain online schedules for physicians using Lightning-Bolt and Amcom.
- Manage summer youth interns for previous four years. Mentor & educate.
- Manage HR day to day needs to employee including payroll and benefits questions.
- Provides support and leadership to mid-level and senior level management.
- Created a new employee orientation program for Radiology specific staff; streamlines time frame from hire date to start date, efficiently trains new hires and transfers.
- Present presentations at staff meetings and others, also provide logistical support for meetings.

- Collected and parsed data for radiation safety program. Worked with managers and physicians to reduce cost of program by two-thirds.
- Co-lead UBT (Unit Based Teams, Labor & Partner Management system), work on projects that improve patient care, improve working conditions, solve staffing issues.
- Basic calendaring and assisting to senior level managers, physicians, and staff.
